

**SCANNED****MEMORANDUM**

To: Tom Knight, P.G., Manager
Groundwater Quality Section
Bureau of Water

From: Jeff Herbig *JH*
Division of Mining and Solid Waste Permitting
Bureau of Land and Waste Management

Date: March 9, 1998

Subject: Landfill Closure Plan
Laurens Ceramics Site (formerly known as 3M/GE facility)
Laurens County

The Solid Waste Permitting staff (Engineering and Hydrogeology) of the Bureau of Land and Waste Management (BLWM) has completed its review of the referenced subject. The plan dated August 1997 along with supplemental information dated February 10, 1998, is approved by this office. Construction activities can proceed in accordance with the approved plans pursuant to the direction of the Bureau of Water. A copy of these plans will be kept in the BLWM's files.

If you should have any further questions, please contact me at 896-4215.
